If you've taken a stroll on the Heights Bike & Hike Trail this summer you've more than likely walked past 633 Arlington. You might have stopped and taken a second to admire the gorgeous home. You're not the only one admiring this new home, builder Loyd Russel Homes Inc., is finally getting some much deserved recognition.

Back in 2007 Loyd Russel Homes won Greater Houston Builders Association Custom Builder of the Year. After attaining that incredible title Loyd Russel homes stayed out of the limelight working on other projects, projects like 633 Arlington. Arlington is a new home on an oversized lot with 4 bedrooms, 4 full baths, and a gourmet kitchen with island, stainless steel appliances, and butler's pantry. Sit and read in the library just off the kitchen or feast in a dramatic 2 story formal dining area. Then go upstairs on the circular wrought iron staircase to the 4th bedroom wired to be a media room. Play or grill in a 4,000 sq. ft. backyard.

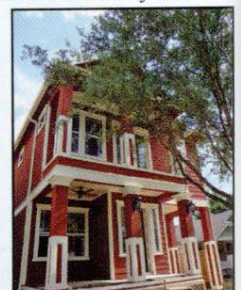

Completed April of 2009, 633 Arlington was open and ready for the 2009 Heights Showcase of Homes. As the doors were opened and people flooded the room that evening they also flooded Kenneth Zarella, the realtor, with praises on how beautiful and functional the home was. He of course expected no less from Loyd Russel Homes; working with the builder for over 5 years he has come to expect the best. People weaved from room to room admiring the details of the home. From extra cabinet space in the kitchen, under lit counters, a water spigot above the stove, and a mud room, Loyd Russel Homes have thought of every possible need a future Arlington owner might come across.

Compliments were not the only accolades Loyd Russel Homes and Kenneth Zarella received for the 2009 Heights Showcase of Homes.

633 Arlington won ALL of the awards that night, which included: Best Master Suite, Best Kitchen Design, Best Floor Plan, Best Interior Design, Best Exterior Architectural, Best of Show, and People's Choice. The seven awards were enough to convince Loyd Russel Homes and Kenneth that they had done something right, they had created and marketed a fantastic property.

633 Arlington is open every Saturday and Sunday from 1-4. Also from Loyd Russel Homes are the W. 18th St. properties, 514, 516, & 518 W. 18th St. Three custom homes on a lovely tree lined street. If you are interested in 633 Arlington or more up and coming Loyd Russel Homes, call your Heights Area Specialist Kenneth Zarella with Keller Williams.
